Conference aims

The **ICAEP1'21**: International Conference on advanced engineering in petrochemical industry aims to promote research in the field of petrochemical industry, and bring together all potential participants: from industry, academic scientists, researchers engineers, manufacturers and suppliers from around the world to exchange and share their experiences and research results about all aspects in relation with development of petrochemical industry and Technology. Our challenge is develop ideas to preserve our energy resources.

Important Dates

Full Paper Submission Deadline	Before Sep 30, 2021
Notification of Acceptance	Before Oct 20, 2021
Registration & Final Paper Submission	Before Nov 10, 2021
Conference Date	Nov 23-25, 2021

Greetings from the General Chair

On behalf of the organizing committee, it is my pleasure to welcome and invite you to the International Conference on Advanced Engineering in petrochemical industry (ICAEP1'21) that will be held at the Department of petrochemical and process engineering, Faculty of Technology – Université 20 Août 1955 Skikda, on Nov. 23 – 25/ 2021. The venue, of Skikda is the very important petrochemical pole in Algeria .it holds two refineries, one petrochemical plant and two LNG plants, such that almost 70 % of petrochemical products are produced in this site. The event will be held over three days, with presentations delivered by researchers from the international community.

Honorary Chairs

Pr. Salim HADDAD (President of the Université 20 Août 1955 Skikda)

Dr. Nesrine AMMOUCHI (Dean-Faculty of Technology, Université 20 Août 1955 Skikda)

Mr. Abdelhak Moumen
Dr. Abdelaziz Bouhdiba
Mme. Hassina Metatla
Dr. Adlene Ramdane
Dr. Harzallah Ghania
Dr. Marsa Zoubida

The Topics Include but not limited to

Area 1: Petrochemical engineering

1. Catalyst processing
2. Polymer Processing Science and Technology.
3. Petroleum, Ore exploration and exploitation
4. Economy and marketing in petrochemical industries
5. Environmental Engineering
6. Heat and mass transfer in the ecosystems
7. Refining and separation processes
8. Smart-Clean energy
9. Equipment and Pipelines in petrochemical industries.
10. Safety of industrial plants

Area 2: Automation and control in petrochemical industry.

1. Analysis and diagnostics of systems
2. Complex and nonlinear Systems
3. Optimal design and Process control
4. Artificial intelligence in industrial fields
5. Industrial Robotics
6. Modeling and simulation of Petrochemical systems
7. Embedded Systems
8. Discrete Events Systems
9. Planning and maintenance
10. Fusion data and Big data

Registration Fees

Local Participants	10000 DA
Students	5000 DA
Foreign Participants	250 Euros
Others	8000 DA

Accommodation is free for foreign participants for three nights.

Registration fees include: Meals and Coffee Breaks; Conference program; Conference proceeding and Conference Bag.

Keynote Speakers

Pr. Denis Pomorski, Lille University, France.
Pr. Liu Yiliu, NTNU, Norway.
Pr. Bernard Kamsu Foguem, ENIT of Tarbes, France.
Pr. Yves Ducq, Université de Bordeaux, France
Pr. Hamid Bentarzi, IGEE, University of Boumerdes
Pr. Manuel Rodregez university of Madrid
